

P.E. Highlights from Meeting on Sept 8th and 9th.

We spent a lot of time reviewing the financial statements that will be presented to convention. All seems to be in order.

Membership cards are coming for everyone

Donations are requested for the auction to be held at convention.

Some items that will maybe be discussed at convention. (Along with an election)

- The need or not for a full time vice president.
- Brad Smith wants to change the name of the Pay Equity committee to the poverty action committee to encompass poverty, housing, living wage, and pay equity. Think about it for discussion at convention.
- Motion to limit the amounts that locals can give the local executive in honorariums

We need to encourage our members to attend the Labour Law campaign.
See flyer

The anti priv committee is looking for a logo to promote the use of Union Labour.

Sorry for the brief report. I was going to discuss all of this in person but with the recent resignation of Dan, they scheduled a PE meeting for today.

I will let you all know what comes from that.

Keep your Eye on the local 12 web page for updates.
